Approximate ship dates are not assigned until we have received proof approval.

PDF and WEB PROOFS are for content verification only. Images have been aggressively down sampled to allow for transmission via email. This may cause images to appear jagged, or blurry in the PDF proof. PDF proofs are not to be considered as color accurate, even on color-managed screens. For jobs submitted in color spaces other than process (CMYK) or properly tagged Pantone colors, color shifts may occur when converting images to the final output color space. We use a custom color palette to achieve accurate PMS colors. Not all Pantone colors can be matched in CMYK and this will be visible on your proof.
